SHELF LIFE

5-3008 has a shelf life of at least one year when stored in its original unopened container in the temperature range of 40 - 90°F. If air temperatures are expected to exceed these figures, then inside storage of the product is recommended.

SAFETY PRECAUTIONSWARNING - CONTAINS EPOXY COMPOUNDS

Keep away from heat and open flame. Keep containers closed when not in use. Use with adequate ventilation. Avoid prolonged or repeated breathing of vapors. Comply with all local safety precautions. Avoid contact with skin, wash from skin if contact is made. Epoxy compounds are allergenic to some individuals.

All statements, technical information and recommendations contained herein are based on tests we believe to be reliable but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties, express or implied: Seller's and manufacturer's only obligations shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. No statement or recommendation not contained herein shall have any force or effect unless in an agreement signed by officers of seller and manufacturer.
